The suspected bus bandit has been busted by the boys in blue.

Back on Wednesday, Apr. 15, 2009 a bus driver attempted to kick an unruly passenger off his Winnipeg Transit bus.

The passenger refused and when the bus driver got off the bus to call police, he says the unruly passenger drove off with the bus.

The suspect ditched the bus several minutes and blocks later on Main Street.

When police arrived there was no sign of the culprit.

As a result of the investigation conducted by Division 11 Detectives, with a little help from the surveillance footage from the camera on the bus, the suspect was quickly identified and apprehended.

26-year-old Reo Joseph Anderson of Winnipeg has been charged with the following offences:

Theft over \$5000.00, Drive Impaired, Dangerous Operation of a Motor Vehicle, Utter Threats and Assault.

He was detained in custody pending his first court appearance.

Cameras like this one will be installed on all Winnipeg transit buses by the end of 2009
